

# Group for Women In Heterosexual Relationships & Coming Out as LGBTQ

**What:** This is a therapeutic support group for married women or women who have been in a heterosexual relationship and are now coming out as lesbians or questioning their sexual orientation.

**When:** Weekly meetings starting Tuesday, May 23<sup>rd</sup>, 2017, and running for 6 weeks on Tuesday evenings or Wednesday late afternoons. All participants must participate in an initial screening session that will be completed prior to the start date of group. All meetings will be held in the therapist's office located in Webster Groves, MO.

**Why:** Married women are a significant but invisible part of the lesbian population who are often disregarded when it comes to providing resources and support. This therapeutic support group has been designed to address this disparity in resources and provide support and guidance so that these women do not have to exist in isolation but rather can begin to build their own supportive, rewarding and gratifying lives during this time of transition.

**Cost:** Costs for participation in this group are \$275 per participant. Participants will be asked to contract for the full 6 weeks, and need to pay in full prior to the group beginning. Participants will also be required to pay an additional fee for their individual screening session.
